Best paper award for UCy professors

TWO faculty members of the University of Cyprus have won the 2019 Best Paper Award of the international journal *IEEE Signal Processing Letters* for their paper titled *Fairness for Non-Orthogonal Multiple Access in 5G Systems*. The authors of the awarded paper, assistant professor Ste-

lios Timotheou and associate professor Ioannis Krikidis are faculty members of the department of electrical and computer engineering of the University of Cyprus, and also faculty members of the Kios Research and Innovation Centre of Excellence and the Irida Research Centre for Communication

Technologies, respectively. The research presented in the paper was partially funded by the Research and Innovation Foundation of Cyprus.
