Covid-19 cases in Cyprus per municipality (charts)

The University of Cyprus has shared with the public the latest data on Covid-19 in Cyprus via the Koios platform of its Research and Innovation Centre developed together with the Ministry of Research, Innovation and Digital policy.

Among other, the platform presents demographic data on the positive

Covid-19 cases and divides them by municipality.

According to Koios figures, 90% of positive cases are Cypriot citizens and 10% are foreigners.

53.03% of cases are women and the rest are men.

Charts show that most cases are from Aradippou and Paphos Municipalities.

The cases by municipality:

Aradippou Municipality: 39

Paphos Municipality: 34

Strovolos Municipality: 19

Larnaca Municipality: 17

Lakatamia Municipality: 14

Aglandjia Municipality: 8

Limassol Municipality: 8

Geri Municipality: 6

Latsia Municipality: 6

Nicosia Municipality: 5
